To whom it may concern,

I have had the pleasure of knowing Jillian Cantieni for the past four years. As a freshman, she was in my Algebra I class and then in my College Now Precalculus and ACE Statistics class as a Senior. She has been a tremendous student and an asset to our school. I would like to take this opportunity to recommend Sara.

The strongest characteristic that stands out with Jill is her work ethic. She has always been dedicated to her studies and has worked hard for the many achievements she has earned. She has earned such honors has high honor roll all semesters of high school as well as, athlete of the week, Autumn All-stars, and the hardest worker award. While in my class, she was always respectful, yet has a knack for challenging the class' collective thinking, as well as my own. I feel confident that she will continue to succeed in her studies. In class, she has proven to be a take-charge person who is able to successfully develop plans and implement them.

Jill is not only an excellent student, but she is also personally delightful. She is as comfortable with herself as she is engaging, pleasant, and humorous. As I have come to know Jill over the years, I have been impressed by the wide range of her abilities—and by her modesty about them. She is an accomplished student with a passion for learning.

Jill has many interests beyond academics. She has been involved in the Varsity club holding the position as club treasurer her senior year. Jill is also very involved with her class and class events. For her junior and senior year, she held the position of class treasurer. Outside of clubs, Jill has been dedicated to her sports. She has been on the Varsity Swim and Varsity Tennis teams all four years of high school. Jill is not one to follow the crowd. She is confident in pursuing her interests and is well liked by her peers as well as the faculty and staff at Watkins Glen School District.

It is for these reasons that I offer high recommendations for Jill without reservation. Her drive and abilities will truly be an asset to whatever she pursues. If you have any questions regarding this recommendation, please do not hesitate to contact me.

Sincerely,

Christie Fedele
